training classes and 60 elementary, manual training classes at a certain scale of recurring and non recurring charges. The D. P. I. Punjab has now stated that 136 classes have been opened at a total cost of Rs 18670 (Recurring 12,991 & non recurring 5703), for which a sum of Rs 795 towards ~~initial~~ enrolment has been ~~made~~ met from last years budget so that the charges that have to be met from the current years budget amount to Rs 17875. Provision has been made in current years budget for practical instruction in elementary schools. The Comptroller having received the sanction of Govt for the additional schools opened by the D. P. I. Punjab, this reference has been made by the D. P. I. Punjab for orders of Govt sanctioning the charges. From an examination of the list appended to the D. P. I's letter, 119 industrial training classes seem to have been opened, and the number of manual training classes opened does not appear. In many cases the scale of recurring and non recurring charges fixed in G.O. has been exceeded.

and recently on a reference from the I. S. of Edn., orders were issued raising the scale in respect of equipment grants for carpentry classes as it was stated that prices had gone up with an account of the War. A class for the weaving seems to have been opened, but that does not seem to be one of the subjects included in G. O. referred to above.

The points for orders are:-

1) Authorising payment of charges already sanctioned by the I. S. of Edn.

2) Grant of an addl. sum of Rs 10,000 for opening more classes on account of an increasing demand for the same.

3) Provision to be made for the above amount in next year's budget.

4) Authorising the I. S. of Edn. to open as many classes as possible to assist to exceed the provision for this purpose in the budget.

4 The addl. grant as above provided to be met out of the allotment of Rs 72,918 in current year's budget under 18-Education-(9) Grants-in-aid for the opening of new Sch. Schools - which is expected to show a saving.

To

Secretary to the Government of H. H. the Maharaja of Mysore,
Education and Agriculture *Department.*

SIR,

With reference to Government Order No.3675-8/Edn.372-13-4 dated 1st April 1915 approving of my proposals for opening Practical Instruction classes in 80 centres at a cost of Rs.4,574½ and with reference to your letter No.5546/Edn.166-14-11 dated 26th June 1915 intimating that adequate provision has been made in the Budget for Practical Instruction, namely, Rs.17,992, I have the honour to enclose herewith a statement showing the number of such classes opened hitherto in each District with their cost. It will be seen from the statement that till now 136 classes have been opened in the State at a cost of Rs.12,991 per annum (recurring) and Rs.5,703 non-recurring, total Rs.18,670 of which a sum of Rs.795 towards cost of equipment was met from the last year's budget. These classes are very popular and the demand for them is increasing. There are applications pending in my office for the opening of such classes in 14 places and they have been kept back for want of funds. It is likely that more applications will be received during the remaining part of the current official year. In these circumstances, I request that Government may be pleased to sanction a sum of Rs.10,000 more for opening these classes, the cost during the current official year being met from the allotment of Rs.72,918 provided in the current year's budget under the head

13

head 18h - Education - (9) Grants-in-aid for the opening of new - - Government Schools, etc., as the whole of the latter amount cannot be utilized this year, the sanction of Government for new schools etc., having been received only lately and the charges only for five months being needed. Provision may also be kindly made in the budget of the next official year for the sum of Rs.10,000 referred to above.

I also request that in the future Government may be pleased to authorize me to open as many classes as possible so as not to - - exceed the amount provided in the Budget.

Further, I beg to bring to the notice of Government that the Comptroller in his No.5684/T.A.M.892 dated 18th January 1917, copy enclosed, states that the sanction of Government should be obtained for authorizing disbursement of the charges of the Practical Instruction classes opened over and above the number sanctioned in Government Order No.3675-8/Edn.372-13-4 dated 1st April 1915. As the - - amount sanctioned by me is within the allotment provided in the Budget and in accordance with the scale fixed by Government in Government Order No.3675-8/Edn.372-13-4 dated 1st April 1915, I request that Government may be pleased to authorize the Comptroller to issue instructions to the Treasury for the payment of the charges sanctioned by me.

The favour of very early orders is requested.

SIR,

With reference to your letter No.9636/Edn.2-16-32 dated 23rd May 1917 calling for information as to (1) the number and qualifications of teachers employed in connection with the Practical Instruction Classes opened up to the end of January 1917 (2) how the large non-recurring expenditure amounting to Rs.5,703-14-0 was incurred and (3) the number of Manual Training classes started up to that date, I have the honour to report as follows:-

(1) The Scheme of Practical Instruction sanctioned in Government Order No.3675-78/Edn.372-13-4 dated 1st April 1915 was brought into effect in November 1915 and there were on the 31st January 1917, 136 classes in 89 centres -48 in Taluk stations and 41 in rural parts. The number of teachers employed was 136, one teacher looking after each class. Most of the teachers are professional maistries and artisans employed temporarily for want of men who combine in them both technical and general educational qualifications. Of the total number of teachers, 42 have had training in recognized institutions as will be seen from the list appended hereto.

(2) The non-recurring expenditure of Rs.5,703-14-0 for the 136 classes, giving an average of about Rs.43 per class was incurred for the purchase of carpentry tools, Agricultural implements, sewing -- machines and other appliances required for the equipment of the classes. The expenditure under this head was sanctioned at the -- rates fixed in the Government Order No.3675-78/Edn.372-13-4 dated 1st April 1915 and where the usual non-recurring charges had to be exceeded owing to the special conditions of the localities, the -- sanction of Government has been obtained in each case. Detailed information showing the non-recurring charges incurred on the various subjects of Practical Instruction will be found in the list submitted with my letter No.17719/689 dated 31st January 1917.

(3) Manual Training was introduced in 19 Government schools -- under the Practical Instruction Scheme.

I have the honour to be,

As directed in the review of Government on the Annual Report on Public Instruction in Mysore for the year 1915-16 proposals for the revision of the Scheme will be submitted very shortly, after consulting the Deputy Commissioners and the Inspecting Officers. But as any delay in the payment of teachers' and contingent allowances of the Practical Instruction classes will not only result in considerable and widespread hardship among the teachers all over the State but is almost certain to throw the work of all these schools completly out of gear, I beg that early orders may be passed sanctioning the continuance of the present allotments for 1 year from 1st April 1918.

I have the honor to be,

Sir,

Your most obedient servant,

DEPUTY Inspector General.

~~The D.P. of Edn. says that~~

The Scheme is reported to have been popular and the D.P. says that the comprehensive proposals called for in this connection will be submitted in a short time after consulting the D.C. Comrs. and other local authorities. Pending the receipt of these proposals Govt. direct that the Scheme and the present allotments in the budget be continued for a further period of one year from 1.4.1918. The extra cost during this year should be met by reapp.n if necessary of the Saved.d grants of the dept.
